DECLARATION OF MAGUIE DONNINI

I, the undersigned Maguie Donnini, hereby declare as follows:

1. I am employed by Gemplus, as an Intellectual Property Assistant in the Intellectual Property Department, and have first-hand knowledge of the facts described in this Declaration.

2. On September 7, 2001, a registered letter was sent from the Gemplus Intellectual Property Department to the inventor, Pierre Bertrand, at his last-known address, forwarding a Declaration to be signed for the U.S. patent application corresponding to PCT/FR00/01263. A copy of the letter is attached as Exhibit A. A copy of the signed receipt for the letter is attached as Exhibit B, indicating that the inventor received the letter on September 11, 2001.

3. No response was received from the inventor in reply to the letter of September 7, so on March 22, 2002, I sent a second registered letter to the same address. A copy of that letter is attached as Exhibit C. That letter was returned unopened, a week later, bearing a notation that the inventor no longer lived at that address. A copy of the returned envelope is attached as Exhibit D, the notation "NPAI" which in French means "*N'Habite Pas à l'Adresse Indiquée*" (in English : Doesn't live at the indicated address) was on the envelope.

4. I attempted to obtain a telephone number for the inventor in the city of his last-known address : via the Phone book, and via the Internet. However, there is no listing for the inventor in that city. I also called our Human resources service, but they did not have a current telephone number for him.

5. There is no additional contact information available to Gemplus regarding the inventor. Consequently, we are unable to locate him to obtain a signature on the Declaration.

I hereby declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true. Further, these statements are being made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that any such willful false statements or the like may jeopardize the validity of the above-identified patent application and any patent issuing thereon.
